

src/libidp/status\_watchdog.cc

```
graph TD; A[src/libidp/status_watchdog.cc] --> B[status_watchdog.h]; A --> C[debug.h];
```

The diagram illustrates the dependencies of the source file `src/libidp/status_watchdog.cc`. It is represented as a grey rectangular box at the top. Two blue arrows originate from the bottom edge of this box. The left arrow points to a white rectangular box containing the text `status_watchdog.h`. The right arrow points to another white rectangular box containing the text `debug.h`. This visualizes that the C++ file depends on these two header files.

status\_watchdog.h

debug.h
